SHORT DESCRIPTION

ClickUp is the world's first neural network connecting tasks, docs, people, and all of your company's knowledge with AI.

MAIN FEATURES

Task management tool: helps you get work done more efficiently. With ClickUp, you can easily create tasks, assign them to team members, and track your progress. ClickUp also offers various features that make task management more efficient, such as subtasks, due dates, and comments.

Cloud-based project management solution: ClickUp manages projects while striking a difficult balance between offering an astounding number of features and ensuring they are affordable and easy to use.

To better align workflows with objectives, it allows teams the ability to **collaborate** and **define shared tasks**, complete with status updates and project updates.
