

# Filling in Your Google Calendar

#### Step 1: Log In or Create an Account

### Step 2: Add a New Event

Click on the day and time of the event.

A small box will pop up.

Fill in the details:

- **Title**: Say what it is (for example "Team Meeting", "Send Report", "Break")
- **Time**: Set the start and end time
- Location: Add the place (physical or online)
- **Description**: Write what you need to bring or prepare (optional)

Click **"Save"** when you're done.

#### **Step 3: Add Reminders**

Click "Add notification" when creating an event.

Choose when you want to be reminded (10 minutes before, 1 day before, etc.).

You can add more than one reminder, if you want to.

## Step 4: Repeat Regular Tasks

For things that happen every week (for example, team check-in), click "Does not repeat" and change it to "Weekly on Monday" (or any day you want).

## Step 5: Check Your Calendar Every Morning

Start your day by opening your calendar.

Ask:

- What's first today?
- Do I need to prepare anything?

## Step 6: Update Your Calendar When Plans Change

#### Common challenges and solutions
